"Why am I getting this bill?"

Each UW Medicine patient can receive separate bills that cover different elements of the same visit. For example, this statement includes professional and hospital bills for services in the hospital and in the clinics. There may be other charges from UW Physicians for other professional services. There also may be facility fees from other sites for inpatient hospital stays, clinic visits, and other outpatient services (such as x-rays, lab tests, take home drugs, physical therapy, etc). Each of the above statements is separate and is not included in any other bills.

The balance shown as "Payment Due" on this statement is your responsibility. If you have any questions regarding the amount your insurance paid, please contact them directly. Thank you for selecting UW Medicine for your healthcare needs. We value your use of our services and facilities.

Insurance Claim Filing

If you have provided us with your complete and accurate information, UW Medicine will bill your insurance including any secondary insurance.
